

Company Background

- JDS Labs serves low volume, “niche” electronics markets (audiophiles, hobbyists, etc.)
- Largest manufacturer of entry level headphone amplifiers in USA
- Annual growth rate of 300% since incorporation in 2010
- Shipping > 500 orders per month as of January 2012

Why Extrusions?

- Low tooling cost mandatory for low volume production
- Audiophiles demand minimalistic perfection in sound and appearance
